Premendo il logo si ricarica la pagina da capo. La barra del menu rimane sempre visibile, anche quando si scorre in basso.

Se si clicca su una delle voci del menu (eccetto language) si viene condotti alla sezione del sito pertinente.

Cliccando su language si apre un piccolo menu a tendina con la scelta delle lingue possibili (English, Deutsch, Italiano). Se le hai, metti anche le bandierine vicino alle lingue.

Collect data about your team. Take care of them.

How committed is your team? How satisfied are your employees with their tasks? Are they happy on the workplace?

Collect and store important data about your employees. Learn how to keep them engaged. Increase productivity through Happycurus.

About Happycurus

People don't leave jobs but unhealthy workplaces. Thanks to Happycurus you can:

BE AWARE of your team 's commitment.
KEEP TRACK of how your team's morale and engagement change over time. Find out about how tasks influence their mood. As a manager, you have exclusive access to statistics based on data that your employees provide.

DISCOVER EXPLANATORY FACTORS in your employees' morale: What type of tasks make them more satisfied with their job? Are they happy at work or are they relieved when they leave the office? How does their attitude on the workplace compare to their attitude on their free time? **Happycurus** brings out cases of demotivated employees. Your business will benefit from **knowing your personnel**.

COMMUNICATE to your team through the courses included in Happycurus. The articles address useful topics such as **psychology, productivity, communication, career, efficiency, charisma** and many others.
Managers don't have time to instruct employees on a personal level. **Happycurus** advises them for you.

SUPPORT THE ENVIRONMENT! Happycurus devotes **50% of its profits** to reforestation projects. Thanks to partnerships with solid organizations, we support concrete green actions, such as planting trees in areas of the world where they are most needed to support biodiversity and to fight deforestation. Using **Happycurus** will not only improve your company but also our planet. Find out more in the dedicated section below.

Sarebbe bello se questi quadranti avessero un qualche tipo di effetto quando la freccetta ci passa su (per es: si illuminano, vibrano, si ingrandiscono...vedi tu cosa hai a disposizione)

Happycurus and the Environment

Happycurus is not interested in making big profits. **We donate the 50% of our profits to the Planet.**

Every single little green space on the Earth is the effect of the pulsing life that permeates our planet.

Earth's flourishing beauty is unique. Life in every conceivable shape and size pervades our Planet. And it also sustains it.

I quadranti sono dinamici in qualche modo. Per come l'ho fatta io sembra un po' troppo un pdf. Se nel programma che usi per creare il sito hai qualche struttura già pronta che possa far sembrare questa sezione informativa più dinamica, più un sito, sentiti libero di usarla.

Human activity is altering the balance of the Earth. Forests, Oceans, Wildlife population sizes, whole Ecosystems are suffering human's neglectful presence.

The effects of our actions are already having alarming consequences, such as global warming, melting glaciers and draining of drinking water supplies.

This is putting many people's lives and homes at serious risk.

The Greenland and Antarctic ice sheets have decreased in mass. Data from NASA's Gravity Recovery and Climate Experiment show Greenland lost an average of 286 billion tons of ice per year between 1993 and 2016, while Antarctica lost about 127 billion tons of ice per year during the same time period.

THE DECISION WE HAVE TAKEN

Happycurus donates 50% of its profits to finance reforestation projects.

Il pallino gira quando passa la freccetta sul pallino stesso o sul quadrante a fianco

Trees benefit the Planet in plenty of ways: they reduce carbon dioxide, they produce oxygen, they reduce the level of ozone, they fight against soil erosion, create ecosystems, they give food and much more.

For Happycurus, care of the environment should not be a one-off commitment. We set it as part of our business model, and it will always be. If all existing companies took the same decision, the planet would be safe. Unfortunately, this is not yet the case, but there is one positive side: with Happycurus every single team can help!

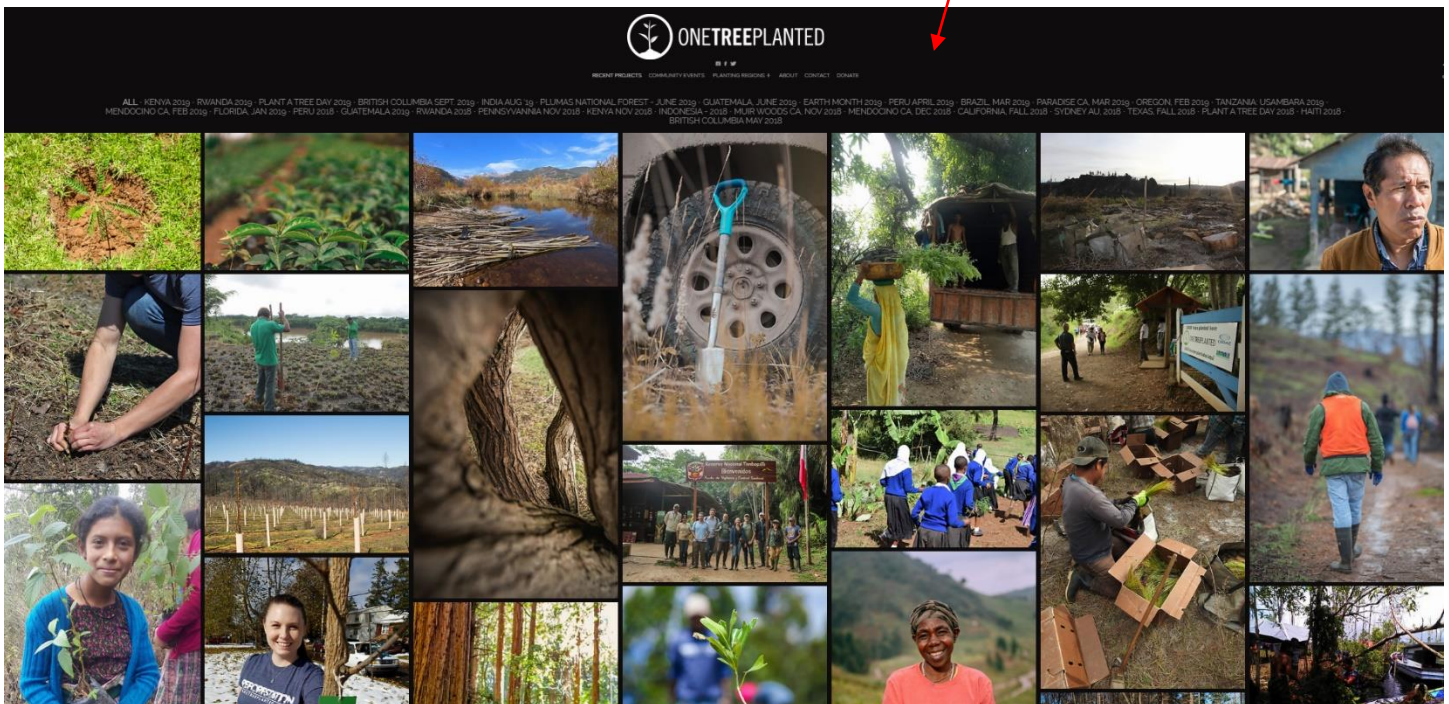

In our gallery below you can see pictures of some of the projects we support.

Se si clicca su queste parole sottolineate si apre la gallery

VIEW GALLERY

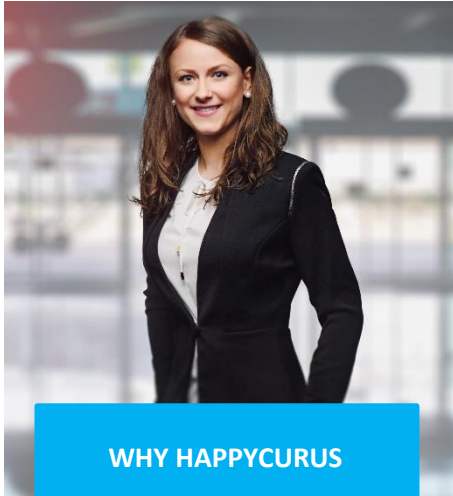

LA GALLERIA È UNA SCHERMATA DI QUESTO GENERE. In alto il logo happycurus e il claim. Poi ci sono le foto messe come nello screenshot. Se si clicca su una singola foto si apre e si ingrandisce. Le foto non devono essere scaricabili. Puoi fare sia una schermata a parte per la galleria che una finestra che si apre all'interno del sito. Puoi anche fare la galleria a scorrimento se crea problemi fare un'altra schermata.

Our Motivation

Team synergy for company efficiency.

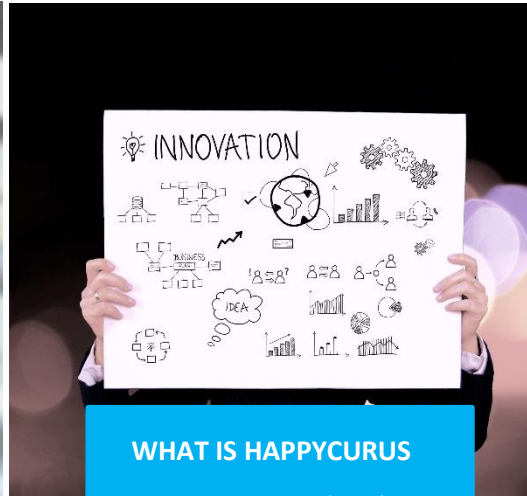

WHY HAPPYCURUS

Most of the managers do not have time to talk to their employees on a personal level.

Happycurus gives managers awareness: our algorithm brings out cases of demotivated employees and supports managers to act effectively. Engaged team means success for the company.

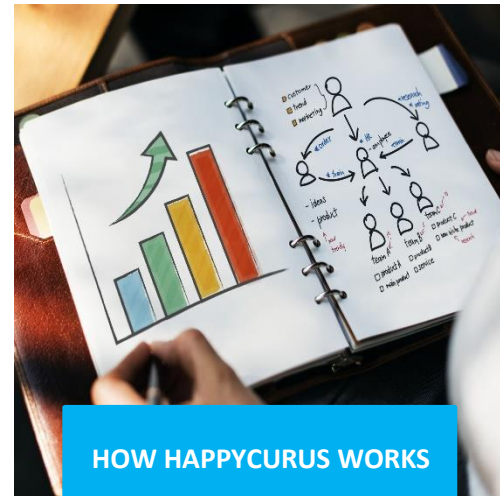

Happycurus also supports our Planet.

Cliccando su questo link si va alla parte environment del sito.

WHAT IS HAPPYCURUS

Happycurus is a digital solution that helps busy managers to get to know their collaborators in depth and to maintain high levels of commitment in their teams.

HOW HAPPYCURUS WORKS

Happycurus' algorithm produces detailed statistics and graphs that managers use to deeply know their teams and act effectively. In addition, Happycurus motivates employees with positive readings.

Happycurus donates 50% of its profits to organizations that work on reforestation projects.

Sarebbero belle qui delle finestre a tendina. Ovvero, si legge inizialmente solo il titolo e poi cliccando su una freccetta si apre tutto il riquadro, scorre giù e si legge il testo.
